ZALU ZANZIBAR

CHEF'S TABLE

PALATE PROVOKING CUISINE

Satisfy your taste buds with this unique dining experience.

Zanzibar is home to many indigenous spices, allowing us the opportunity to break away from paradigms and adopt an imaginative take on Swahili cuisine, embracing the Island's cultural heritage. Every dish is a synthesis of superior seasonal ingredients prepared with ingenuity and a respect for the past. Our menus are constantly changing with exciting concoctions to capture the taste of the season.

The Chef's Table is limited to one seating per week, to a maximum of 8 guests. This inspiring and delectable 8 course grazing menu, paired with our Sommelier's carefully selected vintages, allows you to savour a new dining reality.

Dining at the Chef's Table is an extension of the restfulness found in Zanzibar, an experience that demonstrates food's ability to induce relaxation and pleasure, while our Executive Chef Jussi Husa interacts directly with the guests.

As a Chef and a traveler, Jussi concluded that his most cherished memories revolved around a communal table sharing good food, good wine and good company.

This Chef's Table is the result of cuisine that pays homage to the arrival of the seasons, whilst highlighting the universally recognized truth that lifelong memories can be created in the most unlikely of places, thousands of miles away from home.
